## 1 Review your school's information

## 2 Tuition & credit load

Tuition charged per credit (\$)

Credits needed per year

Program tuition for Year 1 = tuition per credit x credits per year. Years 2–4 increase 3% annually.

Disclaimer: Tuition projections use an estimated average annual increase of 3%, but these are just estimates and actual cost may differ from year to year.

## 3 Annual Tuition & Fees

## Estimated payment plan amounts

Each plan splits the annual gap evenly across the selected number of terms, then into equal payments per term.

Disclaimer: Regardless of payment plan status, be aware that all balances due for a term must be paid within 90 days after add/drop has ended.

Disclaimer: The payment plan amounts indicated are estimates based on the calculated figures but may not be accurate to the actual cost owed, and are just for example purposes.
